DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF LIMA, PERU, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children:

With joy, today your Celestial Mother presents Herself to demonstrate to the world the sacred Prodigies of God, which come from His Humble and Merciful Heart; Prodigies that allow His children to feel in their hearts that love and hope will always exist and reign.

Dear children, it is the driving force of hope and of love that defeats evil, that which from time to time, through lack of love in the hearts, makes all peoples succumb to error and adversity.

But today I come to speak to you about a special prodigy granted by the Eternal Father which will allow the realization of the sacred project of the Light-Families. A project felt and lived by the Heart of the Father and carried forward by the Work of the Divine Messengers on the planet.

The family is the model of perfection that must be sheltered and safeguarded in these critical times, so that it may incarnate the Gift of God's Love, which will make it worthy before the Universe and Creation.

As Mother of the families, I come with my Mantle of Light to protect all the beings that integrate a family, which one day must become spiritual and evolutionary.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
