DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF LIMA, PERU, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

In truth, children, few will have the Grace, in this time, of recognizing the Wonders of God even in the smallest details of life; few will have the capacity to understand that behind each request or intention, there the Will of God is to be found.

For this reason, only those who have a simple heart and a humble mind will not doubt nor fail in their faith, because being empty of self, they will be free of themselves.

You should never, children, put your faith into play, and even less the Designs of the Father through His Hierarchies, since behind everything a Purpose exists that is intangible to the prideful and the owners of themselves.

In this time, children, you must learn to differentiate between the Will of the Father and your own will; you must stop underestimating what you do not like and seems false to you in comparison with that which you fancy and makes you feel good.

On a spiritual path, you should never judge with the same measuring stick what you like and what you do not like; you must keep in mind that your inner wavering or your unreal doubts must not destabilize the Work, and above all, your sibling consciousnesses, as others have already done after having shared everything with them.

One should not small-mindedly judge the Work of God.

Be mindful and watch over the Supreme Truth rather than what is convenient to you.

I will be thankful if you are more mature in evolution.

Who blesses you,

Your Mother Mary, Rose of Peace
