

Prayer for Allowing Oneself to be Transformed by the Love of God

During a private Apparition of Saint Joseph on December 18, 2017, in the Marian Center of Figueira, Minas Gerais, Brazil, He transmitted the following prayer, as an impulse to allow us to be transformed by the Love of God and to surrender ourselves in total confidence to His Divine Will.

He said: *"Even if you do not believe, even if you feel imperfect and incapable, move away from those feelings, which are a hidden part of ancient pride, and tell the Father:*

If You ask me, I will live it,
for it is through Your Word, by Your Grace and with Your Power
that I will transform this clay and allow to emerge from it
that which makes me similar to Your Eternal Heart.

With these words, with this prayer, open yourselves to a new cycle of greater perseverance, of greater faith. Spread the Divine Presence with your example and be the greatest miracles that this Work has done on Earth."
