DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The Origin of the Sacred Feminine Source

Beloved children,

Who in these last eleven years spoke and shared with you the Love of God, comes from a peculiar Source that was created by the Ultraterrestrial Universe before the Material Universe existed.

In that Source, the Divine Essence, of Who later would be Mary, the Mother of Jesus, was gestated, conditioned and lovingly prepared to carry forward the great mission in the humanity.

This Ultraterrestrial Source of the Spiritual Universe, was characterized by its highest level of purity, of love and for its immaculate essence.

The Father, after the fall of the Project of His first children, Adam and Eve, He thought to create a way and a sufficiently pure, immaculate and humble Consciousness, which with Her invincible Love could embrace all human error and convert it through forgiveness and the sublime Maternity.

It was thus that the Creator Fathers, the Archangels, received the request of God and, in the elevated Celestial Universes, each Archangel began to contribute with the best of Themselves, so that the Feminine Essence, which would emerge from the Creative Source, would come to Earth to begin as soul and divinity with Her special mission.

The Sacred Source of the Feminine Energy was translucent by means of the Principle of Maternity.

In past times, the Eternal Father thought that it was necessary that His children have a Mother capable to receive them, understand them, help them and guide them on the right path of good and of peace.

Thus, from two human beings, from Anne and Joachim, the Consciousness of Mary was born, the One who from a young age would carry forward the mission of gestating in Her Most Pure and Immaculate Womb the Child Jesus, the Redeemer.

A special universal conjuncture, cosmic and spiritual, happened during the gestation of Mary, as during the gestation of Jesus.

The Archangels achieved to manifest, and attract to the Material Universe, creator currents of energy which contained high voltages of Love-Wisdom, as of essential and virginal purity.

At that time, the Idea of God was fulfilled and again, by the Presence of the Mother of God and of the Divine Son, evil was defeated, just as the fallen angel was once defeated by the Archangel Michael in the Universe.

The existence of the Consciousness of Mary, a simple mother of Nazareth, was the result of a divine and angelic experience that overcame all times.

The Eternal Father, through Mary, has shown us His Consoler Love, taught us how great is His Mercy and how infinite is His Forgiveness for His lost children.

God has taught us, through Mary, the universality of His Love and the presence of His Paternal Heart at all times.

From this special Divine Conception comes Mary, the Mother of Christ and Mother of everybody.

She is the unconditional and eternal advocate between humankind and God.

She is who waits in the silence and who prays for Her children in the stillness of Her Immaculate Heart.

She is the one that comes to the help of those who sincerely repent and She reaches to all the poor and humble of heart.

Mary is the Mother who consoles all, who repairs all and who heals all.

Her Heart suffers when Her children are separated from the Truth and submerge themselves into the lie.

She is the Mother who will never say "no", who will always say "yes" to whoever calls Her.

God gave us a Mother that we many times offend, hurt and omit with our indifference and ignorance.

She is the patient Mother who always expects us to reach beyond appearances, that we can feel the heart of the brethren who searches for peace and comprehension.

Mary teaches us how to truly love so that, in Christ, we may walk towards the goal of being in God, forever.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace Rose and Mother of the Divine Conception of the Trinity
