DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Those who are very far from Me and who separate themselves because of what they generate with their own actions need My Mercy.

Those who separate themselves from My Heart and stop looking at Me in the eyes are the ones who most need My Forgiveness and My Piety.

Those who deny My Name and turn their backs to Me are the ones who most need My Mercy.

For this at three in the afternoon the door of redemption is opened to liberate from sin a great number of souls that, through sport or from ignorance almost miss the path of return towards Me.

The time of Mercy is for the most unprotected and thirsty for My Redeemer and Savior Light. And so that My Love may be able to approach those who mostly ignore their true spirit I make use of the instruments that, opening the heart to Me, transmute in sacrifice and joy the evils of the world out of love to the Great Love of My Heart.

As I have told you, few are the ones who row the boat of the Shepherd and even fewer are the ones who follow the Greater Will of the Captain who is in the Heavens. See how simple is My Mercy that at three in the afternoon My Source of wonders and graces hopes to reach those who most need Forgiveness.

I still count on the few hands that will help Me to climb the mountain and to elevate an immense number of souls separated from God. In little time there will be much to be done. Just now everything begins for My apostles.

Redemption will be ample for the rigid hearts. Be merciful before the miseries of the neighbors, thus I will accompany you.

Under the Love of the Father, be blessed.

Thank you guarding My words in the heart!

Christ Jesus, the Redeemer.
