DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In the same way that chaos grows on Earth, the minds destabilize and the souls get lost, Heaven also opens before the eyes and hearts of men, bringing to Earth inexplicable Graces.

In the measure of humanity's ignorance, God offers His Wisdom to those who know how to seek it.

While many sink deep into the abyss of their ignorance and the sciences move farther from God, others receive from the Father teachings that overflow beyond their merits and, with the little openness of their hearts, the Creator and Lord of all Knowledge and true Science gives them everything.

The ignorant see the simple of heart listening to God and think their teachings are false, because their own ignorance separated them from God and filled them with themselves, giving no possibility that the Wisdom that transcends their minds might be accessible or even acceptable.

Choose, children, at this time, the path of simplicity and self-emptiness, so you do not run the risk of not having, within yourself, space for the Divine Wisdom.

Recognize, each day more, in humility, that you know nothing and receive, with love, all the Knowledge that comes from God as something new and unique.

May all Wisdom find its place within your consciousnesses and that it not be to fill your minds, but yes to fill your being and become part of you, so that there is always a new space, a new place for what God wants to teach you.

In this revelation cycle, your spirits must always be empty.

Never underestimate the simplicity of God, because His Wisdom is not restricted to the far-fetched words of men or to that which for you is considered elevated and superior. A great Divine Instruction can come through the simple Words of His Messengers, in the maternal love of His Heavenly Mother, who overthrows the power of the proud and delivers the Keys of Heaven to the humble.

Those who really open to the Divine Wisdom will live all teaching with gratitude, whatever it may be. In that way, they will be able to grow in spirit and be ready for the coming times, to be called "Precursors of the New Life", "Seeds of the New Race".

Your Father and Friend,

Most Chaste Saint Joseph
