DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Place your heart in the Heart of God to listen to My words, and may they be fruitful within you.

I know, child, that every day I talk to you about elevating your consciousness to the Heights and your thoughts to God, but that you only see around you the infinite confused entanglements of human life and inside of you, you only see the constant battle to be on the path of evolution, as it corresponds to you.

I know that everything seems distant and Wisdom and universal Knowledge are a hope for you, but they are not a reality. But today I tell you that, in this cycle, I come so that Higher Life ceases to be a hope for the future and becomes a reality in the present.

I come to teach you to be in this world without being of it, and to understand life from a wider perspective than the horizons that your eyes can see.

I only ask you that you dedicate yourself to meditate on My words for a moment, every day, and that you let them, on their own, enter and transform your consciousness like a great lake that, being empty, is gradually filled, drop by drop.

If I tell you: "Think of God and contemplate the Infinite within you", do it. And in that second, let the Creator be a living Consciousness within you.

In this simple way, each day, experiencing something about what I tell you, you will see how the Universal Life will enter into you and you into it, as parts of each other, and all in God.

I bless you and I thank you for following, day by day, what I place inside of you.

Your Father and Friend,

The Most Chaste Saint Joseph
