**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS**

As part of the school of spiritual lessons and of consciousness, I allow the soul to say all that it thinks and feels with the aim that it may quickly purify the inner issues that afflict it. After this My Heart of Light emerges as a unique voice from Heaven to be able to correct the paths that the soul may incorrectly take through self-will.

Liberating the burdens of the consciousness, My Rays intercept levels and states of the personality so that through My Love and Redemption it may be transformed.

But for all of this to happen permission is necessary. The permission of the consciousness allows you to discover the degree of love in which you are found and which you have constructed.

For this I ask you to merge yourselves in the foundations of the school of basic instruction that My Heart has universally imparted through the parables.

Be joyful until the moment in which your consciousness may become exposed before the false reality that you have constructed with ideas and feelings. The Kingdom of the Love of God and your search is powerful because the soul does not know the greatness of the Love of God and His Celestial Work, a non-transferable love that heals you and liberates you, that will never abandon you.

As the quicksand causes the steps slow towards Me, even though the structures of your personas may be moved, I will sustain you and I will guide you because it is already time to elect, from love, the Plan of God.

Under the One Love of the Father, be blessed.

Thank you for guarding and valuing My words with the heart!

Christ Jesus, who eternally loves you.
