DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

I come and I return to the world in the search for new custodians of My Divine and Unfathomable Mercy.

As I did with Saint Faustina Kowalska I Am congregating apostles of the Divine Mercy of Christ Jesus so that, in the same way that the apostles and disciples did in the past, you may diffuse, before My Return, the merits achieved by My Sacred Heart.

For this I Am preparing day by day, through My Words, all of the souls that in the love of the Plan of God may want humbly and simply to represent Me as springs and rays of My Merciful Heart to the entire world.

As I once called and searched for the fisherman from Galilee, today as Fisherman and Master of hearts I convoke to My Table those ones who, together with Me and before My Eternal Father from the Heights, have committed themselves to be the living word, example and testimony of My redeeming Message in their lives.

Today My Heart flourishes with love and honor for all of those who in this time and without knowing anything call for My Divine Mercy, because all of those who pray the Sacred Chaplet of the Divine Mercy of Jesus at three in the afternoon are spiritually liberated by the redeeming power of My Blood and are reconciled by the endless strength of the Source of My Eternal Water.

In reverence to those who in love realize and pray with Me this exercise of the Divine Mercy My Consciousness will show itself to you as a Savior. At the hour of the death I will not be your judge nor executioner, I will be the Source that will nourish you and will free you from any pain that you may have caused to the Heart of My Father during your passage through the Earth.

To those who until the last minute of life may pray with effort and love the Chaplet of the Divine Mercy I say that they will quickly pass through the garden of My Kingdom, they will rest in My Arms and they will know the unfathomable power of My Love.

For this in your hands is the safe key for your salvation for all of the days of your lives. And for those who may diffuse the Grace of praying this Chaplet of the Mercy, in Heaven they will be recognized as disciples of My Sacred Heart.

In truth I tell you that you still do not know the greatness of the Love of God in My Eternal and Glorified Heart. Today I encourage you to love the Divine Mercy because this is the necessary door for your salvation.

Under the Mercy and the Glory of God, be blessed.

Thank you for meditating on My words with the heart!

Merciful and Redeemer Christ Jesus.
