DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO FRIAR ELÍAS

It is a step for the consciousness to recognize that it commits faults towards Me but My Heart will free you from all so that you may not feel guilty.

The path of transcendence of the self starts when you awaken for the life of the spirit because in this way, seeking this union with the Father everyday, the soul approximates itself to the earthly consciousness.

Now that the times change, My Heart observes the great faults in the world but, the surrender and the trust in My Spirit by all those who in consciousness recognize their mistakes, allows for the relief of My Heart, transforms these mistakes in love and restores, through prayer, the consequences of these faults.

My Love for you is infinite and each fault that is recognized by My disciple and is offered to Me means the victory of My Kingdom of Love in the heart of all of the beings. Do not fear to tell Me what it is that ties you to the material life. Confidently await for the aid of My Heart that will always be in the correct moment.

I gather you around My Heart so that you may remember that I will not judge you for whatever makes you stumble day by day in life. I Am the Liberator of the world and I Am the Shepherd of Love who wants to pour over you the infinite lights of His Heart so that in this way you may find light on the path.

If you are in darkness, light My Light calling for the strength of My Redeemer Love. I will always come to your aid so that with braveness you may follow the path of consecration and of transformation. I raise you from the ground so that you may walk again following the footprints of My steps. If My disciple transforms themselves, as a consequence, the world will be transformed and everything will be saved at the right time.

Under the Eternal Light of the Father, be blessed.

Thank you for guarding My Light in your hearts!

Christ Jesus, Your Consoler.
