MESSAGE OF THE BLESSED VIRGIN MARY, TRANSMITTED TO MOTHER SHIMANI IN THE CITY OF LAVRAS, MINAS GERAIS, BRAZIL

Throughout history, My Immaculate Heart has found amongst souls, those that have had the task of transmitting to the rest of humanity the complete history of life of the Virgin Mary, Mother of Jesus.

In this time in which humanity has been encountering the life of Mary of Nazareth in a wider task, I want to reflect with you that the Mission that My Son Jesus entrusted Me on the Cross is much more profound than that which humanity has comprehended.

To be the Mother of all humanity does not only encompass the maternal aspects that you understand and know on Earth, but it also encompasses other realities that are manifested in all the aspects of the human consciousness.

It is worth it to say that My Consciousness, as spiritual Mother of the entire race, encompasses aspects that human beings do not know about themselves, about the world as a planet nor about the universe.

Today Christ Jesus is announcing to us His Return with His new role of King of the Universe, an aspect that encompasses a universal task that humanity will begin coming to know from this return on.

Just like the Redeemer, Mary of Nazareth, right after Her Assumption into the Heavens in body and soul, lived new schools of celestial instructions that prepared Her for the task that She was going to carry out as Universal Mother, the Mother of all creatures.

The different faces through which My Consciousness has guided this world throughout history are different manifestations for the different needs of humanity, in different times. These faces kept, each one of them, a series of symbols and messages so that each one of My children would find in them that which they were in need of.

In this end of cycle when humanity is performing its synthesis and defining itself before God, you must comprehend, beloved children, that I Am the same of Nazareth and the same of each one of the different manifestations. The one who arrives today to accompany you in this synthesis as the Woman Clothed with the Sun, who will unite all peoples, all races and all religions through Her Love.

I have learned very much in the Heavenly Kingdom all this time, about the feminine aspect of the Love of God and about the Celestial Matherhood, something that I invite you to learn with Me, with open hearts and the clean minds, just as I learned it when I went up to the Heavens.

It is time to grow in the Love of God and to open yourself to the Divine Wisdom, that which will be the basis for the new humanity.

Wait for My instructions and soon we will begin the cycle of bringing this celestial knowledge to the heart of each one of My children.

I leave sown in your consciousnesses the seed of the eternal knowledge, the one learned in the universe.

Thank you, dear children, for trusting in My words.

Who loves you and blesses you,

Mary, Mother of the Divine Conception of the Trinity and Universal Mother.
