DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The elements of Nature, the air, the water, the earth and the fire, as well as the devic elements, will be the great referents of humanity for the planetary purification.

The elements themselves will put into place what was modified and no one will be able to oppose them, because the elements of Nature are based in the terrestrial laws that rule the planet, which have been modified and altered by the human beings of the surface.

This millenary chain of transgressions to the essence of the Kingdoms have come to an end.

For this cycle of purification, the elements of Nature will be those who will not leave one stone upon another, as the impetus with which they will manifest will correct the space and also the duty that the same elements had towards Creation. This correction will not come as a punishment, but as Justice.

The continuous aggression upon the Kingdoms of Nature and their elements has generated significant changes in these last centuries.

Now, for this cycle of purification and cleansing of the degenerated humanity, the elements will take charge of the forms and laws to put everything in its place, even if it is later destroyed.

This destruction will be a correction, it will be to return to the space which, in this case, belonged to the water or to the earth and was taken away from them or modified.

Permanent prayer will balance the elements and will help them to live their re-adaptation within the laws of the planet.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master, Christ Jesus
