MESSAGE FOR THE APPARITION IN THE CITY OF LA PLATA,
BUENOS AIRES, ARGENTINA,
TRANSMITTED BY THE HOLIEST VIRGIN MARY TO SISTER LUCÍA

Dear children,

As Mary Help of Christians I come to the encounter with your hearts in this city so that My Heart may cover one more space, a space in the souls in need for Redemption and for Reconciliation with My Son and with God.

My children, what the Lord wishes for this day is the ardent prayer from your hearts that may take away the evil and the pain that permeates many consciousnesses at this moment. So that My Heart may triumph on this day, it is necessary that your hearts accompany Me in pilgrim prayer through the deep spaces of this city, in the search for the souls that lost themselves from the flock of the Redeemer. I come to bring the Conversion, the Peace and the Mercy of God to this place as they are necessary attributes for this time.

Dear children, the attribute of Peace must be lived as a priority of your lives, because without Peace fear and darkness cannot be defeated. Pacified hearts will be able to detain conflicts much beyond your eyes. Peace is the primordial force that permanently unites the hearts to My Heart and that will find Me wherever I may be, so that I may come to help and fulfill your needs. The peacemaker heart opens the doors so that all the other attributes of My Heart of Mother may descend. The pacified heart attracts the Gifts of the Holy Spirit through the unshakeable Peace that it brings to Earth and that it lives in itself. So that your hearts may be converted into peacemakers, place them inside of My Heart through the prayer of the Holy Rosary and, day by day, little by little, Peace will settle itself in your beings.

If you keep your hearts attentive to what the Voice of My Heart speaks, you would truly find the key to transformation, to Healing and to Redemption. If your hearts could open themselves to the simplicity of the Voice of My Heart and if they could believe in My Words of Peace, they would quickly find the path to the Encounter with My Son.

My dears, day by day God sends through My Heart all the keys so that you may open the Doors of Heaven. Apparition after Apparition My Immaculate Love brings to you the Blessings and the Grace of the Holy Spirit. The angels of My Kingdom are day and night attentive to the prayers in order to intervene for your beings and to answer to your requests.

I hear the voice of all of My children from the whole world, those who believe and those who do not believe in My Love and in My Power of Redemption. At every moment I place your pains, sorrows and anguishes in My Heart but your hearts only speak to Me, they do not listen to Me.

Pray, My dears, enter inside of My Peace and through the silence of the heart listen to the message that I bring to you day by day. Many demand answers from Me, demand miracles, healings, conversion of their families, but they do not see that I answer to them day by day; that I offer

Healing all the time and that conversion is knocking at their doors. Let Me enter.

Be brave and courageous in order to discover that in simplicity is all that you seek for; that behind each one of My maternal words is the Grace that God sends to the hearts. Be strong, My little ones, to see that the Spirit of God is approaching, that My presence in this time in so many parts of the world is a true Miracle of Salvation that God has conceded to you.

This is a maternal appeal that My Divine Heart realizes in order to awaken My little children from the dream that they live in. Be strong in order to discover that the true fortress is not far away; that it will not be in the great actions that you will find the Path and the Salvation; that the Doors of Heaven are before your eyes and that in order to enter Prayer and Peace are only necessary.

I thank you with Love and I guard in the Heart the Hope the awakening of each child of this humanity.

Mary, Mother of the Divine Conception of the Trinity.
