**MESSAGE FOR THE APPARITION IN THE CITY OF LA PLATA, BUENOS AIRES, ARGENTINA,
TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS**

My dearest children:

For this day I gather you around the great manger of humility and of love because soon Christ will be born inside each being in this coming Christmas. For this, dear children, prepare your hearts so that the King of the Universe Child may find rest and dwelling in the pure and simple hearts.

My children, the coming of the Child King to the world brings with anticipation the coming of the time of changes for all of the consciousnesses, and this time of changes can be received by means of the daily prayer, because to each soul, has come the time to exercise it in permanent vigil.

The state of vigil will approximate you, in this cycle, to the same state of prayer that My Son Jesus lived in His culminating moment through the Agony in the Garden of Olives: this was the moment of definition and of absolute trust in the Creator.

For this, dear children, may this cycle begin through a renovated and mature state of consciousness, an inner state on your part that may collaborate, by means of prayer and vigil, to the sustaining of the balance of the world and of humanity.

For this you may count on the glorious keys of the Blessed and Most Sacred Hearts of Mary and Jesus, Hearts that aspire to be all for your lives, Hearts available and surrendered to help each one of Their children.

My dear children, My special coming on two consecutive days to Argentina has the mission of being able to allow, for a longer time, all of My children to be under My mantle of protection. For this your groups of prayer may aid all hearts for these moments and this will be possible whenever your essences may merge themselves into only one for love and truth, as were merged the essences of Jesus and Mary for Love to God.

Dear children, I Am calling you to exercise the states of love and of brotherhood to hearts that are still purifying themselves: these spiritual states of the heart will allow you to mature yourselves as souls that are in service to God, the Creator.

My children, as Mother of the World I prepare the great moment of Planetary Prayer that which will be developed from the 21st day of December of 2012. This will be the moment in which all of My children will live a true union with Me through the interiorization that the state of prayer provides. When I ask you to pray the Rosary it is so that your consciousnesses may participate in the same codes of light that were engraved in each one of the passages of Christ, your Lord.

The Planetary Prayer will be realized when all of the groups of prayer, consecrated to My Immaculate Heart, may be able to be in conscious vigil and prayer, but without any fear, waiting for the coming of the New Cycle for humanity. This will be the moment so that each soul may confirm its union with the plans of God. In these days My Maternal Heart will be near to each child so that

each soul may unite itself to My Heart.

As Mediator of souls I will be near My children and you will feel Me present in different places and situations because now My little children must walk for themselves in order to demonstrate to the Father that you have grown up through the instruction that has given to you this Loving Mother.

May the Peace of My Son be present in you.

I thank you for answering in this time to My call!

Mary, Mother of the Divine Conception of the Trinity.
