**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

If humanity lived the precepts of God, that is, the Commandments, the world would be different. Therefore, dear children, My Heart is present in each one of you because as humanity, you need the Graces and the Love of My Maternal Heart.

My children, today I call you to renew the devotion to My Immaculate Heart and if you do so, little children, God, the Source of Love, will act through My Son who has resurrected, and through Me, the Universal Mother.

Today I want to bring you all towards the true feeling of prayer, which must be primordial and important in each one of your lives and in this time of changes that you are living in the world.

Today, also, as My Son has done, I extend My arms of peace for those who may accept to live My call as a group and as an individual mission for each one of your hearts.

Know, dear children, that My voice announces itself to the world in this time of purification. This is why I invite you to join the forces of your hearts together in unity and in peace. In this way, these attributes will uplift humanity even more towards the Kingdom of God and you, as souls, will be united to Me.

When I say to you: "Thank you for responding to My call" it is so that you may know that My Maternal and Immaculate Heart is embracing many souls that are unknown to you and that live in this world. These souls need My Heart, because if My Heart were not among you as humanity, many Plans of Peace that My Heart propagates would not be able to be fulfilled.

For this reason, My children, I carry you daily in My Heart and today I tell you again: Thank you for responding to My call.

Peace! Peace! Peace for all!

Mary, Mother of the Divine Conception of the Trinity
