**DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

"Humanitarian Colombia" is a mission that promotes peace and humanitarian service for those who are most in need. In this instance, for all who are exiled from their nation and take refuge in other countries, in search of a new life, far from the horror and conflicts that these certain nations live.

"Humanitarian Colombia" is one more hand that extends towards the humanity of the Earth, so that, as a bridge of service and fraternity, souls may reencounter the meaning and hope of being part of a new race.

This mission constitutes the synthesis of all the humanitarian missions that were done in the last times.

Given the important service intervention and social aid that Fraternidade performs through its body of original missionaries and of missionaries in training, this new mission will attend to the other part of one of the many social and humanitarian imbalances that exist.

Fraternidade, as a missionary essence of service of unconditional love for the one who suffers, is called by the Consciousness of the Spiritual and Instructing Hierarchy to reunite its humanitarian and spiritual efforts with the aim of relieving human and inner suffering.

The fraternal foundations that Fraternidade has already manifested, attending to the migratory crisis in Roraima, Brazil, opened the doors of consciousness so that the true missionary and selfless spirit could come, this time, to Colombia, so that this network of light, of service and, especially, of love among brothers and sisters, may reach those who wait and cry out for it.

For the new mission "Humanitarian Colombia" the Hierarchy will broaden the action of its planetary work and Fraternidade, which will be united to the UN through UNHCR and UNICEF, will try to rebuild the human and voluntary spirit through works of service and social assistance.

With the presence of the monastic Grace Mercy Order, the missionary life will count on the arm of spiritual assistance of union and contact with the Hierarchy, so that everything that will be removed and worked from the psyche, and the inner world of consciousnesses, may find a path where it can be led and released.

Fraternidade, by assuming the two fronts of planetary work through the mission "Humanitarian Roraima" and now through "Humanitarian Colombia", from the next cycle and in the course of the year 2019, will begin to embrace, with the missionary life and together with the Hierarchy, other humanitarian works in Africa, Asia and Oceania.

The formation, actualization and training for emergency cases of the new volunteer missionaries will help in the future of a new consciousness, based on the protection and safety of the fellow being and of the one that suffers the most.

For this initial mission of "Humanitarian Colombia" the Youth Campaign for Peace and some of its members will be summoned to participate and establish the first foundations so as to relieve pain through love.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master, Christ Jesus
