DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

That on this day, on the eve of the day of My Divine Spiritual and Cosmic Conception, your hearts prepare themselves internally so that, together with Me, we change the year, as well as the cycle, and in this way, that which should finally descend from the Source of the Divine Purpose can do so through your unconditional "yes."

For this, My children, it will be necessary that your souls aspire to find their inner purpose so that, in this period and under these conditions of the end of times, it too can be renewed.

I invite you to not look back to the past anymore, nor towards the future.

I invite you and call you to live the present, so that the pain, anguish, and suffering that some event may have caused and generated can be dissolved from your consciousnesses.

This new year, that is about to begin, will be the year of emptiness of self and of what is unconditional for those who are the most miserable of spirit and of mind.

May your lives be able to enter this year renewed of self, so that Christ may govern in souls a little longer.

A good beginning of the year to all My children!

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
