MESSAGE OF THE BLESSED VIRGIN MARY, TRANSMITTED TO MOTHER SHIMANI

In the Rose that emanates from My Heart, God has deposited the secret of purity and of consecration to the Divine.

Through it I bring to the world this celestial experience, lived by Me since My conception in the Heart of God.

This Rose symbolises the pure aspect of Creation, which the Creator has deposited in His Faithful servant, so that humanity could have this molecule of virginal purity in its collective consciousness

Today I want to leave in your hearts, beloved children, this celestial experience so that everyone knows that in the heart of humanity is found asleep this virginal purity, created by God with the purest Love of His Heart.

Each time some of My children make spiritual contact with My Rose of Light, through the sincere prayer of the heart, a drop of this virginal purity enters the ocean of the human consciousness.

Drop by drop, through the sincere prayer from the devout of My Mystical Rose, I will transform this ocean which, through the light of the Rose of the Divine Virginal Purity, will be converted into the pure food that transforms humanity that is lost.

For this, My children, I call you soldiers of My Rose of the Pure Light of God, so that we can pray in union to this symbol of virginal purity and, with each prayer, let us permit, that drop by drop this ocean be transformed into light.

Humanity needs all the luminous codes that, from the Creator, arrive through His Divine Messengers. For this, through the manifestation of the Divine Conception of the Trinity and Its image of the Crystal Mother, as My angels have called Her, I want My soldiers to diffuse this prayer:

Infinite purity of God,

come to my heart through
this sincere and humble prayer.

Infinite purity of God,
convert my life into devotion.

Infinite purity of God,
through the Immaculate
Heart of Mary,
may my soul be transformed
in purity and love.

Amen.

Thank you for being today with Me.

Mary, Crystal Mother of Virginal Purity
