DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE CITY OF QUARAÍ, RIO GRANDE DO SUL, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The agony of those who suffer from wars is also part of My agony. Therefore I come with all My Mercy to relieve the sorrowful souls and all those who escape from desperation in these times.

Let My Mercy be the Fountain of healing and of restoration for all those who must be healed and supported by Me.

In Divine Mercy find the water to quench the thirst and the fire to warm the cold of these times.

Always call upon My powerful Mercy so that, even more, My Merciful Rays may touch everything that will need forgiveness and redemption.

In My Mercy may you commune with God so that, from now on, many more situations may be stopped in the nations of the world by all those who invoke Divine Mercy.

In the hour of greatest agony, may all be offered as penitence and prayer to draw to the planet the same codes that all of My apostles are called to live, the codes of Ascension.

I thank you for holding My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
