DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN BAHÍA LÓPEZ, BARILOCHE, RÍO NEGRO, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

In the Sacred Precincts, places where the Hierarchy is and where, on the deep levels of consciousness, the Law of Permanent Transmutation is fulfilled, a spiritual process which allows the redemption and purification of certain states of consciousness that corrode humanity and that, in many cases, condemn the functioning of great nations.

For this reason, children, in some unpredictable cycles in undetermined moments, this process of permanent transmutation takes place; a moment in which certain states of consciousness that are against love and light are exorcised in order to generate relief, so necessary for humanity.

During the last Pilgrimage throughout Argentina, the Spiritual Hierarchy has been working on these deep levels of consciousness with the purpose of unblocking the spiritual counterpart of the country that is very contaminated by what is happening on its surface.

Not all consciousnesses on the planet know about this internal mission made by the Hierarchy, but, from the moment you perceive and feel the fierce movement of the elements, it will be because on a regional level and, could be on a planetary one, The Sacred Centers will be working in a permanent way and without delay.

Prayer is an offering that the souls of the world can make as a way to compensate their own evils that the human being generates for themselves, which are transmuted, through the Sacred Centers, in order to keep the balance of the planet.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
