DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRASIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In order that the Heavens may open up and the Purposes of God may descend to the world, pray for the Truth to manifest itself and, along with it, faith, trust and wisdom to awaken within beings, so that humanity may be before the Truth and know how to welcome, accept and live it.

Cry out for clarity to be in the mind and heart of humanity, for the self-summoned and the ones called companions of Christ to not get confused and not lose themselves with retrograde stimuli, typical of these times, which will come to test and define the souls.

Cry out to the Father for all, in order to know how to recognize His presence in those who will be sent by Him, but who in no way are similar to humanity, because their origin is not from this Earth.

Pray for fear to dissipate before the new and for love to allow beings to transcend appearances, to reach the essence of all things.

In these times of Revelations, you will be before situations never before lived by humanity. On the one hand, you will need to conquer fear, hopelessness and lack of faith and, on the other, you will need to know how to stand before the Truth, distinguishing that which manifests to confuse you, from that which manifests to awaken you and lead you to a new time.

The more united you are with the essence of the Truth, being yourselves, true and transparent, the more you will be able to recognize it when it manifests itself outside of yourselves. The mirrors of your hearts will show you what to trust, but for that they must be clean and resplendent through the transformation of each one and through the increasingly profound union with the essence of Truth.

You have My blessing for this.

Your Father and Friend,

Saint Joseph Most Chaste
