SPECIAL MESSAGE IN THE MARIAN CENTER OF AURORA, TRANSMITTED BY THE BLESSED VIRGIN MARY, MOTHER OF GOD, DURING THE VIGIL OF PRAYER, TO FRIAR ELÍAS

Dearest pilgrim children:

Raising with My hands the flag of My Immaculate Heart of Peace, I bless My children, the pilgrims, and today I tell them with love: Gratitude, Peace and Blessing for all, this is My message for them!

With roses in My Hands I take this offer from your hearts to God, contemplating through this feeling, the love of My children for My Heart and for the Heart of Jesus. Today I elevate to God this love that is in your hearts, a love that must renovate itself day by day and take you to find Peace before all things.

My Maternal Heart loves the hearts of all of the souls, for this, live in this love every day, waiting that it may nourish you in spirit and in consciousness.

This love, dear children, is the Love of God, which must consecrate you to My Immaculate Heart, to the Heart of Christ and to the Plan of God for Earth. From the Universe comes this Source of Love for all of you and to this Love of God you must answer because in this way you will find the Light that you need, the Wisdom that you seek and the Love inside of the love that you do not know.

Today I come to reveal to you this Source of Love that many of My children attune to, however, they must manifest it with their brothers and sisters. I come from this Love in the same way as My Son, and you are sparks of the Source of this Love. That is why your hearts are able to express it and to bring to all the relief which many are seeking for in this time due to not having My Peace.

Today, dear children, these flowers that I have picked are engraved with the love and the joy of your hearts for having answered to this simple call.

Remember, dear children that in this year My Immaculate Heart will visit the heart of your cities allowing in this way to awaken the call in many of My children that are not awake to the life of prayer.

Your exercise of prayer will radiate to these times the new Life, the Spirit of the true Consecration to the Highest. Dear children, each prayer meeting amongst you provides new fruits, the ones that are especially observed and contemplated by the eyes of God.

Now, dear children, do you understand the importance of living in prayer and for prayer? This is My main call for this time and through the simple answer from your hearts, My Plan of Peace and of Salvation along with My Son will become concretized on the Earth.

My children, dear pilgrims, for being all united to My Maternal Heart, in My Heart of Peace: cheer up, little souls! Do not fear, I Am with you! I Am the Queen of Peace and of the Fount of the Love of God.

I thank you today for answering to My call!

Mary, Mother and Queen of Peace.
