DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The prayer of true and sincere hearts will always win because prayer done with the heart has more effect than a mental prayer.

The prayer of true and sincere hearts will always win because this prayer touches the Heart of God and He makes the necessary Graces descend upon the world and upon nations, transforming chaos into a paradise.

The prayer of true and sincere hearts will always win because it is a prayer filled with the Love of God that gives impulse to changes and elevates consciousnesses to another plane.

The prayer of true and sincere hearts will always win, because it is a prayer capable of modifying events and of opening the door of redemption for humanity.

True and sincere prayer accomplishes the promises of Christ, restores the psychic plane of the planet, exorcises regions compromised by evil, liberates from spiritual slavery all those who are immersed in these realities and do not perceive it; it conceives peace, unity and strengthens faith in those who believe in God and in the second coming of Christ.

The prayer of true and sincere hearts will always win because it is a prayer that is united to the Heart of the Great Master and establishes a communion with the Divinity of the Savior.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
