**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

When the Will of God is expressed to the Universe, all stars and all evolutive consciousnesses are united to this Divine Purpose. It is the Laws of Obedience and Unity, which reign among the confederate worlds, which allow the dissolution of all obstacles that are created against this Superior Will.

In order for the Will of God to manifest on Earth as It is in the Universe, those consciousnesses who respond to the Plan and love it above all things, including more than themselves, must unite to that Purpose, under the spirit of love and of fraternity. This is because the triumph of God is a Law. However, the creatures that inhabit this world, as well as all others, need to adhere to this Divine Purpose and show their adherence, not only with their verb, but also with their actions and their conscious effort to live their own transformation.

A new cycle precipitates upon the world: that is the Will of God that will manifest. The Lord has already given the ultimatum on the Plan of the Earth and asks for clear definitions of the spirits incarnated in it.

Internally, beings recognize the need of an imminent and complete change; however, recognizing this need is not enough, because concrete manifestations of evolving spirits are needed, examples that can serve as a guide for those who will awaken at the last second, before they completely lose their evolution.

The cycle that will begin in this month of December aims to give a last great impulse to the incarnated consciousnesses, to the souls lost in the planetary abysses, as well as to the Kingdoms of Nature.

The Creator will make descend His Solar Power as a sign, which He will give to the consciousnesses of all the creatures of the planet, that He is delivering the best in the universe as ruler and guide for all, so that you also be impelled to surrender everything.

This universal movement will generate resistances in its concretion inside and outside beings, but if a few affirm their commitment and adherence to the fulfillment of the Plan and of their immediate self-purification, so that It can be a reality, that will be the permission that the Creator needs to act fully in the whole planetary consciousness.

Now, more than ever, you will need to develop the spirit of Faith and put into practice fraternity and unity among beings, something you have been learning lately.

Darkness will resist, but from persistence love will be born, the beginning of the Creator's triumph in the human heart.

Rather than counting on your own inner strengths, strengthen yourselves to unity among the spirits congregated to fulfill this mission. Remember what I tell you, because unity is paramount throughout the universe in order to fulfill a Purpose from God. Where there is unity, there will be the Divine Spirit.

I leave you My Peace and My paternal blessing for the times that have come into the world.

Your actions of today, of now, will dictate the next second steps of your lives. It is time to awaken to the present and write with the heart your own history, the history of humanity and, consequently, the history of this universe.

Your Companion and Instructor of always,

The Most Chaste Saint Joseph
