**MESSAGE FOR THE APPARITION IN THE MARIAN CENTER OF AURORA, TRANSMITTED BY THE HOLIEST QUEEN OF HEAVEN AND EARTH TO THE VISIONARY FRIAR ELÍAS**

Dear children:

May Jesus always be praised in the entire world because in this way your consciousness will open the door so that He may return by the Greater Door of the Universe.

My children, in this day of perpetual prayer for this Marian Center of Aurora, founded by My Immaculate Heart, the Lord sends Me to announce to you the Graces that have generated your precious prayers and your pleas that have been born from the heart that prays with love, with devotion and with faith.

Today I come to reveal to you the power that has had the prayer of all of the souls in the Universe because the Father with total attention has listened to the voice of His Children and for this reason He sends the Blessed Virgin Mary to confirm to you the Love and the Mercy that God still has for all humanity.

My dear children, when you month by month answer to My call of prayer for peace and for the salvation of the world, as good builders and disciples, construct the new bridges towards the Heavens and thus you create the ties of fraternity and of faith between the creatures.

For this with joy and hope I tell you that the Prayer Vigil that was manifested from the 11th day of June until the 13th day of June of 2013 without interruptions has allowed the development of a planetary task on the part of the Virgin Mary which was taken forward by the commands and the celestial armies guided by the Sacred Heart of Jesus.

For one more time and for a matter of seconds, great and extensive hells of living condemnation and suffering in the world were able to be closed and the light generated by the power of prayer of the Hail Mary has allowed that the Immaculate Mother, together with the Hosts of the Father, penetrate the most opaque regions of the Earth to remove, restore and convert the lost essences.

But the unfailing effect of the Prayer Vigil during these last three days has touched the Heart of God and He, in His Infinite Grace through His Son Jesus, has liberated a great part of the evil that was present as a plan of destruction inside of the heart of some people who out of blindness dreamed to have projects of nuclear and atomic war between the nations.

The constant prayer of all of the praying people who were united to this victorious Vigil of Prayer brought as a Greater Grace the awakening of new consciousnesses to the life of prayer, as to the reconciliation with God the Father.

But the fruit of this praying work has not finished because the Immaculate Heart of Mary collected in Its basket of prayers all of the petitions of Her children in the world and they were presented before the Father, in this way being able to intercede out of love.

Through this praying gathering of Vigil in Aurora during the three last days, the Sacred Hearts of Jesus and Mary, through love and silence, as through each divine prayer, have been able to amend grave worldly situations that, if they had continued their course, could have condemned millions of souls that would have been linked to them.

Dear children, the most important thing that I have seen was the light of your inner temples, light that awakens prayer when it is recited with love, truth and faith. For this today, My little ones, I have revealed to you only one part of the celestial reality that brings forward the Messengers of God on all the face of the Earth.

Today I invite you to the awakening of your important task of prayer and of conversion for these times. Today I call you to place in your families the standard of Peace through the victorious power of prayer. Today I am revealing to you the gifts and the fruit that prayer awakens in all of those who believe in it.

My children, as in Fatima during the 13th of June of 1917, the little shepherds, by means of sacrifice and the prayer of the Holy Rosary, changed the destiny of the whole Earth, what could happen if all of the Marian groups prayed consciously?

The time of today is different from the time of yesterday, you live in a cycle of mercy and of liberation. Open the door of the heart so that it may occur!

Dear children, as the Mother of Graces I pray for you so that the New Humanity may be born. I pray so that you may live in the Peace of the Lord.

I thank you for answering with love to My call!

Who blesses you under the Light of Christ,

Mary, Mother and Queen of Peace.
