DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

May there be unity among the servants of Christ; may there be peace. May each being, in its inner self, go deeper in the unity with God and reconfirm, everyday, their adherence to the Plan of the Creator.

In these times, children, superficial bonds and partial adherences to the Plan of God will not be enough. It is necessary that all beings pay attention to their inner world and enter into dialogue with the Father, so that He may help them to be strengthened in these times.

It will not be enough to listen to the messages that God sends you through His Messengers, because His enemy is sowing doubts and confusion in the minds and hearts of the servants of Christ and, in order not to succumb to temptations, your inner world must be strengthened.

Children, you will not be free from trials and temptations; on the contrary, in these times, they will intensify, because the time of definition has come for everyone.

Just as the Father allowed His Son to be tested and tempted, not only in Gethsemane, but during His whole life, He will also allow it with you, because the surpassing of Love must start from each inner world.

The Father will always have His Hands on His children, but for that, it is necessary for you to open the way and create a consolidated bond between your own heart and the Heart of God.

I know that in times of expansion of the Divine Work, the external overloads cause you to be overcome at every moment, but, in order that there may be peace and overcoming in love, in order that your spirits may bear these times, you will have to be sustained by a deep bond with God.

You were created to be a direct bridge to the Heart of the Father, but for that, children, you must want to develop your true potential, you must love the purpose of your existence and recognize that, beyond all the external demands of life, the most important thing is to seek God and create a living bond with Him. In this way, you will have wisdom, strength, peace and, above all, love to overcome these times, and be precursors of a New Life.

Your Father and Friend,

The Most Chaste Saint Joseph
