**SPECIAL MESSAGE OF CHRIST JESUS, TRANSMITTED FOR THE 61ST MARATHON OF THE DIVINE MERCY, RECEIVED IN THE CITY OF SÃO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

### **First Message**

In the name of the Father, the Son, and the Holy Spirit. Amen.

By express Will of My Father, today I Am here to announce you that I Am the Lord of the Eclipse, the One who, through the phenomena of the end of times, announces the definitive times for humanity.

I have come especially to bring you this announcement.

I have descended here from the House of My Father to share with you My Word and My Message of the end of times.

By means of My Heart, I announce you the Truth and I open the ears of the consciousness for those who want to listen.

The last phenomenon that happened was not only physical, but also spiritual and universal; and although not everyone participated in it, the planet is inside of that context and that reality.

What the eclipse announces is the change of a cycle, the passage to a new state of consciousness and to a new time of purification.

The last eclipse announces the end of the end of times. There will be nothing more to expect, everything will unleash quickly.

This is why I come tonight to announce it to you, because at night the Celestial Governments act more deeply and the Spiritual Universe approaches to give this revelation.

I do not want you to feel disquiet about what I am revealing to you.

Each announcement that I make is to strengthen your commitment with Me and to testify to the return of the Lord to the world, for the second time.

The phenomena of the Universe are reflected in the inner phenomena.

Everything that happens in the Universe also happens inside of beings. There is nothing disconnected.

It is time to cross this doorway towards the new cycle. Because the commitments will transform into responsibilities and if your responsibility is firm, the Master and the Lord of the Eclipse will be able to count on you in an unconditionally way.

After the eclipse comes a new time, a new reality, and the Universe expects that humanity realizes what that means.

The events no longer will be abstract, neither for only a few consciousnesses.

The last eclipse announces global events that will impact all over the Earth and specially in its humanity.

Thus, for this special Marathon in Aurora, the moment has come for each server to make his synthesis, meditate, contemplate and reflect about everything that they have received during the previous sixty meetings.

I have given, in each moment, a special key for each being, for each server, so that each one may learn to open the correct door and find the meaning of evolution in the end of these times.

Now the moment has come to give everything for the planet; this is why the first impulse of this cycle of purification will be the definition and the absolute union with My Divine Consciousness.

By means of My Sacred Heart, I offer you the perfect refuge for the difficult and acute moments of humanity; in this place that I offer you, only God and My Mother will find you.

In My Heart there is no fear, but rather the trust that God fulfils His Will, time and again.

Unite to this Principle and make it part of your lives, thus you will be able to accompany My steps, thus you will be able to follow My commands, thus you will be able to help to carry out the Plan, from the place that corresponds to each one and within the duty that each one must live, because what I need is something very simple. All this will help to prepare My Return.

I need that you write, with Me, a new history, which is the beginning of a New Humanity.

For this reason, the events of the end of times will be very intense, inside and outside of the beings, and will take to the souls to give big steps in their awakening.

But who does not manage to take these steps will move backwards, and I need everyone to walk by My side.

Because the Lord of the East is approaching by means of the announcement of the eclipse, where universal conjunctures have congregated and astronomic movements have united, to announce to humanity that the hour and the moment has come to redeem humanity and to restore the planet, after its time of purification and its transition.

May no one be surprised by what they will see.

May no one focus on the events, but rather in the need to love more and more, carrying in heart the Trust of God and the daily work of communion with Me, which will be important bases for learning how to survive in these times.

But today My Hand extends to you and to the world.

Today My Arms are open to embrace humanity and the planet.

The phenomena of the end of times are sudden changes for consciousnesses, because they will come, little by little, but they will be fast and they will demand a total change in humanity.

Who stays inside of the cosmic movements will be inside of the Law.

It is to follow the movements, unite to them and understand them, even though there is not full knowledge of what this means, for this final time.

The Lord of the Eclipse announces a very sudden change in the humanity that everybody will feel and that, from the next 8th of August, will be finally concretized.

I repeat to you again, do not stay in the events, perceive in your inner worlds what this will mean and the expansion of consciousness that this will bring.

Because these are the last Rays of the Universe that will descend to the Earth, by means of immaterial and cosmic Laws, with the aim of preparing humanity for the coming final time that is very close.

Everything will be visible, everything. Inside and outside of the beings.

There will be no more deceit, because the deceit will be seen.

There will be no more lies, because the lies will be revealed.

There will be no more secrets, because the secrets will be unveiled.

It is time to internally absorb the strength that comes from the Universe, by means of the luminous currents that come to the planet through astronomic and cosmic phenomena.

The planet has changed state after the last eclipse and the planet of Mars has been the governor in all this. Humanities of other times have participated in this and the Universe has contemplated this phenomenon, beyond the physical, within the spiritual plane.

And after this event, that has been seen in the world, today the Lord of the Eclipse, the Lord of the East, comes to you.

Because His Greater Fire is coming in large electrical waves of light to remove the dust of the lost humanity and to bring the last impulse of the Light of the Universe, which will open the portal toward the new time.

I will not be able to tell you everything that this event meant, but believe that it was very important.

Today you have conscience of one part of what has happened, but when everything unchains in humanity, you will understand it better and you will remember this day, because what I say is not wasted.

The Word of God is alive and eternal.

The Verb of God, through His Son, is unalterable and inextinguishable, it reverberates time and again by means of vibration and sound.

Commune of this moment and receive the macrocosm in your inner worlds so that it resonates in the depths of the consciousness and does its work in all souls.

May this Marathon represent the definite fusion with the Brotherhood and that, finally, its foundations of love be manifested on the surface.

After everyone has understood the meaning of the Hierarchy, receive My solar impulse for this meeting and may the first glimpses of the Light of Aurora emerge from your spirits so that you become like Mirrors that reflect the Love of the Universe to humanity.

In the name of the Father, the Son, and the Holy Spirit. Amen.
