DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE EL CÓNDOR RESORT, RÍO NEGRO, ARGENTINA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The Love of God, although hidden and intrinsic in the interior of all men, since its creation, does not develop in your hearts alone. The Love of God needs to be cultivated, multiplied and donated to grow.

The Love of God, within the beings, needs to be known and sought to express itself, needs to be donated to multiply itself, needs to be lived, so that in this way it may be renewed and surpassed within the beings.

The Love of God is within you, child; you only need to search for it and you will find it, you only need to ask the Father and He will show it to you, you only need to enter into a praying dialog with God so that He may let you know His presence inside of you.

When a being knows God, knows and experiences the presence of His Love within, all grief seems small, all desert becomes calm, turning into an opportunity to grow and to unite even more to the Father. The tests become small, not because they stop being difficult, but because the soul that recognizes the Love of God also recognizes its own smallness and the smallness of everything.

Therefore, child, in order to overcome these times with the heart in peace, ready for service, for surpassing yourself and, above all, for love, search inside of you for the Love of God and let your heart know the Father, as He knows you, let your heart love Him as He loves you and thus, in this divine dialog of prayer, you will serve the world and attract the Peace and Love of God to the Earth.

Your Father and Friend,

The Most Chaste Saint Joseph
