DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children:

The Three Sacred Hearts are working, more than ever before, in humanity and in its deep consciousness so that some spiritual principles may be maintained intact and protected.

For this reason, more than ever, the Spiritual Hierarchy makes all the necessary efforts to prevent human ignorance itself and the inordinate use of power on Earth from spiritually creating those degenerative conditions that will open the door to decadence and the risks that humanity, with no consciousness, will choose as its destiny.

Thus, silently, just like more than two thousand years ago, when this race was at the doorway of its great self-destruction, it was there that the Sacred Hearts gathered together to carry forward this complex mission of again placing the consciousness of humanity in the place it is supposed to be.

In this time, a spiritual mission similar to the previous one is being carried out, except that this time it is not only complex, but also difficult, since the human consciousness learned to destroy itself, as well as learned how to shed its own life, and transgress its society, its culture, and its faith.

At the doorway of the Apocalypse, the Sacred Hearts articulate broad strategies, so that the majority may wake up from the dream and the illusion in which they have placed themselves.

We are facing the challenge of the end times.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
