DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF FÁTIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

May this conviction always emerge from your heart, dear child, that God dwells and lives within you, because thus each human aspect of life and of personality will become small before the true impulse of the essence.

In the essence of the creatures of the Earth lies the fulfillment of the Work of God and this Divine Project must awaken within the beings, in this time.

The essence in each being is an incalculable treasure and, at the same time, the human being itself cannot conceive what the Original Essence in itself means.

In order to have at least a little contact with this reality, the school of prayer offers to you this portal that will always lead you toward the intimate and deep encounter with what you truly are.

May more and more hearts dare, in this time, to enter the most intimate core of your inner essence, so that the principles of faith and of the communion with Christ may make of each soul an instrument of peace in the Hands of God, for this planet.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
