DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Pray for Brazil, as well as for all of South America. Pray for the whole world. Pray for each nation and pray fervently for those nations that were chosen by God to be the cradle of a New Life.

Pray in unity with God and with your brothers and sisters because the seed of disunity was placed in the soil of the world and it is being fertilized by the unconscious actions of humankind.

Pray, child, and sow love in humanity. Ask for and grant forgiveness to your brothers and sisters to pull out, by the roots, this evil that is seeking to install itself over the world. Seek healing for the wounds of the human heart, starting with yourself, healing your spirit.

Pray, child, for the nations, in unity with all peoples and cultures. Answer the call of your Divine Mother to pray for peace and recognize that this is not your need, but rather an urgency for the planet.

Strengthen, every day, the Prayer for Peace in the Nations beyond the obstacles and the technologies. Redeem those vehicles, which for so many are the cause of perdition and of deceit, and turn them into an Instrument of God to unite His children in one voice, in one single cry for peace in this world.

See, child, that it is necessary to take a step in love, in prayer, in forgiveness and in reconciliation because the nations agonize and if you do not begin now to heal within yourself and what needs to be healed around you, nothing will be able to console you in the time that will come as humankind has deprived itself of the Mercy of God and will only receive His Divine Justice.

Thus, pray and cry out for peace. Be a bridge to the New Life.

Your Father and Friend,

The Most Chaste Saint Joseph
