DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The more you dedicate yourself to God, the more united you will be to His Heart and the more you will perceive His Purpose and His Will for this world.

What humanity calls intuition becomes sublimated, deepened and transformed into union with the Divine Will. The one who is fully united to God does not intuit anymore; he knows, because his union with the Father makes him a participant in the Plan and the Will of the Creator.

Unite yourself, more each day, to God, child, because there will come a time in which your life and life in this world will be carried forward by this deep union, because neither outside nor inside of you, will you find an answer to what will happen in the world if your heart is not united to the Source and from it receive the instructions and indications for life.

The union with God begins in prayer but is built in the consciousness. What I am telling you does not take only one daily moment to reach this. You need to love and want to be united to God above all things, knowing that this is an urgency in your life and in life on Earth.

Day to day, in your actions, in your thoughts, in your relationship with your fellow beings and with life, manifests the fruits of your prayer and brings the union with God to your consciousness. In this way, some day, you will experience what I say.

Your Father and Friend,

The Most Chaste Saint Joseph
