DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

With the heart willing to be in God, close your eyes, child, and learn to thank the Father for life; thank, because the Creator chose you among so many beings in His Creation, to be on Earth learning to love as He loves.

Learn to thank God because, throughout your life, He has led you by your hand, that you might err enough to be humble and to grow, but he removed you from the errors at the right point of your salvation so that you would not lose your way.

Learn to thank God because patiently He observes you entangled in small things of the human life and distracted from the superior Purpose, for which you came to the world. With eyes of compassion, the Creator follows your steps and waits, because He knows that at some moment you lost sight and you will turn to the highest, and finally find the Heart of the Father.

Learn to thank God because He created a perfect project and placed this hidden perfection inside of you. The Lord is so perfect that, in order for you to open this door inside of you and find this divine treasure, you must be simple, humble and, above all, thank God for life and for the constant gifts He hands you.

Learn, My child, to thank the Father every day, even if you do not have a reason for this. Be thankful and already you will see how many reasons your heart has to thank the Father.

Place your heart in Truth and in the Infinite, in the Love of God for you, and today just give thanks, because, among so many beings in the world, you listen to God in the echo of His Messengers who teach you to love and awaken to what it really is to be a human being.

Thank the Father and give thanks to the Heavens. Offer your heart as a shelter for gratitude and so you will take sure steps of love, because by thanking everything, you will find the possibility of love in all things.

Your Father and Friend,

The most Chaste Saint Joseph
