**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF FLORIANOPOLIS, SANTA CATARINA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear Child,

Today I make the Star of the Celestial Brotherhood shine upon My Maternal Bosom in order to announce to the world that the moment of the great intervention is approaching and that consciousnesses will have the last opportunity for their awakening.

Today I make the Star of the Celestial Brotherhood shine upon My Maternal Bosom, so that the beings of the Earth come out of the hypnotism of world illusion, become aware and value the life that the Father has granted them to be present on this planet.

Today I make the Star of the Celestial Brotherhood shine upon My Maternal Bosom, so that all human beings may understand, through this symbol, that life does not end here, that after this life many more lessons will come that will be necessary to be able to uplift the spirit toward the Dwelling Places of God.

Today I make the Star of the Celestial Brotherhood shine upon My Maternal Bosom because the time has come to elevate the consciousness of plane so that universal life, which will awaken the New Human, may draw closer to human beings.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
