DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Who truly and without rush prays the Chaplet of the Divine Mercy will be able to receive the precious and glorified codes of light that My Consciousness achieved on the Mount of the Olives in My agony. It also achieved them during the flagellation and with the Blood poured during the painful crowning of thorns and when I carried your cross to the Calvary and also during My Crucifixion on the Cross.

All those codes will enter in the soul that at three in the afternoon may use correctly and with devotion to the Chaplet of the Divine Mercy, because at this hour it will not only pray with the heart but I will let it know the power of My Sublime Grace and in this way your hearts will get to know the passages of My Passion step by step such as I lived it.

Enter from this moment on in the science of My Mercy and be thankful for being able to understand in these times of chaos each one of the infinite mysteries that guards My Sacred Heart. If you accept, with consciousness, to learn to live the life of prayer your superior consciousness will be available to help in My Plan of Salvation and, consequently, your more earthly beings will count on the aid of the greater spirit of your true beings.

In this way I prepare hearts so that they may be workers of the Plan and consciousnesses that may be servers of My Eternal Father. Today I pour to you the wisdom that guards My Christified Consciousness so that you may understand that it is possible to be consecrated to My Lord when you simply say yes, because in this way your will will be surrendered so that may awaken in your hearts the Divine Will.

Under the Light of the Father, be blessed.

Thank you for understanding My words with the spirit of the heart!

Christ Jesus.
