**WEEKLY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS**

Dear children in purification and in redemption:

Carry reflected on your faces the joy of purification and of conversion. But today do not despair. May your souls not doubt because My Heart of Pity contemplates the innumerable and grave miseries that corrode the entire world.

For this I descend from the Great House of My Father to demonstrate to you the Power of My Love and of My Constancy for each one of My ones. May your hearts be alleviated and stop crying for that which is still not transformed. As I have already told you, it is the Eternal and Constant, Omnipresent and Secure Love of My Heart that will free you from the weight that you have been carrying for such a long time.

I, who Am your Light in the obscurity and your Sun in the night of darkness come to your encounter in order to resuscitate that which has already died in some souls and what has already dried in other hearts. In this time My Mercy comes to repair what is broken, It comes to reconstitute and to heal what has remained wounded and no one has been able to heal in love.

But before, by the intermediary of My Light you must die to the old, to what goes beyond your consciousnesses, that which detains you in time. For this live, act and be by means of My Infinite and Pious Mercy because in this way your sins will be forgiven and the new soul will be born one more time to life, after this banishment that it has received on the part of the mind.

Through My Grace, the strength of the spirit in each being will give life to the true and to the only and in this way the new being will be filled by the love of the Son of God. You will be able to see how humanity is in a constant and endless spiritual crisis.

As on the day of yesterday I asked you to adore My Sacred Heart, today I announce to you a special exercise of Pity and of Mercy which I call the Marathon of the Divine Mercy, which will be realized on the 5th and 6th days of August of this year, preparing the important gathering of prayer at the Marian Center of Aurora.

This marathon will have the aim of asking God, through His Firstborn Son, for Divine Mercy for the entire world so that the souls may be able to be touched by the Hand of God and so that humanity may achieve peace and mercy in these times of crisis.

It will be a prayer of mediation that will fulfill the request of the Master Jesus that all of the faithful followers of the Sacred Heart pray 1500 beads of the Chaplet of the Divine Mercy. Those consciousnesses that accept to live this merciful challenge will achieve as souls the opportunity of reverting the deep aspects of life and the world will have some more time of peace.

My Merciful Heart will be present there among all of the pilgrims that with faith, love and devotion may do it, those that will know during these days the liberator power of My Heart.

Good spiritual exercise for all those who believe in My Eternal Love.

Under the Glory of God, be merciful all of the days.

Thank you for obeying My Words with love and devotion!

Christ Jesus.
