DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE CITY OF FLORIANÓPOLIS, SANTA CATARINA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

When My apostles did not understand, or for some reason did not unite, I asked them not to forget peace because peace is a means that leads souls to love.

To do everything in peace is to approximate love and love leads us to understand and to wisdom.

None of My apostles ever had reason on their side because being imperfect, all of them, no one was a carrier of greater wisdom, because wisdom is given by God.

In this time, that separation, induced by the adversary, happened between My servants because some did not believe in the others or did not adhere to any cause, which has weakened the field of action of My Work of Redemption.

If the Hierarchy did not intervene every day in the different situations that My apostles of the end of times live, there would be no possibility of concretizing the Plan.

The growth of consciousness is universally measured in degrees of love; but if this love is not yet mature in the hearts or in the community group life, we must seek to achieve peace among beings so that this very essential and important love may manifest.

There must be a lot of discernment when acting or speaking in order to not cause openings and thus close the doors to possible attacks.

Love is also saying "no" as well as saying "yes" because love should only expand the consciousness through the experiences that will make the being redeem itself.

Seek this peace first in order to then find the love that will bring you understanding.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master, Christ Jesus
