**Message for the Apparition of Mary, Rose of Peace and Mother of the Divine Conception of the Trinity, transmitted in the Marian Center of Aurora, Paysandú, Uruguay, to the visionary Sister Lucía de Jesús**

From the deepest Love of God, emanated the Fount of Healing.

From His purest aspiration that each being may attain Perfection, the Fount of Redemption was born.

From His purest aspiration, that beings may be liberated from their errors and from the duality that they live on this planet and in this Universe, the Fount of Liberation was born.

And as the union of this Divine Purpose, for all beings, the Consciousness of Aurora was born in the Heart of God, as an emanation of His Feminine Principle.

Aurora was born as a state of consciousness, which concentrates within itself the maternal energy which comes from God, united with His profound Love for creatures. Because it was thus, within this consciousness of maternity and of Love, that the Principles could gather: the Principle of Healing for all spiritual and material infirmities; the Principle of Redemption for all errors and mistakes lived by beings; and the Principle of Liberation, so that, regardless of the degree of the bonds to which a consciousness was submitted, everything could be liberated.

This state of consciousness, called Aurora, brought new hope for the Universe. Aurora is the Light that emerges resplendent after a cycle of darkness. Aurora is the possibility, that all beings receive, of returning to God in this Universe and in all others. Aurora is the expression of the Love of God for life.

So incommensurate is the Love of the Father, that He, placing His Eyes over the planet and contemplating the human errors and deviations, delivered to humanity one of His most beloved treasures: the Consciousness of Aurora.

This cosmic and universal Principle of God, created to help Him in the evolution of all beings, was projected and placed within the planet, in spaces that safeguarded its presence and that became sacred by Aurora.

This Aurora, sometimes explosive, sometimes silent, has never been understood by human beings.

This state of divine consciousness, after welcoming within it the principles that emerged from the Heart of God, also concentrated in itself rays and emanations that came from the heart of the Archangels, called Elohim, and the Sublime Mirrors of God, called Emerald Mirrors, because they concentrated within themselves the necessary vibrations of Healing so that all beings, born of the Divine Source, could return to it.

The Emerald Mirrors that concentrated within the Consciousness of Aurora hold in themselves the registers of the Origin of each being, of each race, of each essence, of each planet, of each star, of

each Kingdom of Nature. They hold within themselves the records of the Origin of Life. Because it is through them that Healing takes place: when those who have deviated from Divine Purpose receive, from the emanations of the Emerald Mirrors, the purest Thought of God for themselves, the original vibration of His creation. And thus, they can convert their errors and return to the Father.

Aurora is not only the Healing for the planet, but Aurora is also the Healing for all Life; however, so great is the Love of the Father, that part of this Consciousness was given to the Earth, as a symbol of the importance of the planet for all universal and cosmic evolution.

The time has come for Aurora to be profoundly known and revered by the beings who recognize the Truth in the divine revelations, and who understand with the heart the grace of being within the Consciousness of Aurora.

Live in Aurora, My children, with the reverence of the archangels. Feel yourselves within the Divine Consciousness and as participants of God's purest Love for life. Because this is Aurora.

May all beings recognize in Aurora this Divine Grace because, through gratitude, they will cross its portals and receive Its Healing.

Aurora is the manifested Love of God. And today you are invited, My children, to awaken to this Love.

Through you, may the Graces of Aurora finally arrive in this wounded world because the planet needs it and, more than that, the Creation needs it.

I bless you and thank you for loving the Divine and Cosmic Consciousness of Aurora. Its mystery is revealed so that you can awaken.

I love you.

Your Mother Mary, Rose of Peace and Mother of the Divine Conception of the Trinity
