**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

In ancient times, prior to the Birth of My Son, Jesus, there were great sages, scattered throughout various points of the East and the Far East, beings who also brought to humanity the expression of Love-Wisdom.

During those ancient times, the oldest human civilization took the first steps when it discovered within itself that there lies a universe or essence that is capable of allowing us to connect with the Source of Creation.

The first spiritual beings emerged from allegories or mythologies; in fact, they were born in this world and within humanity to attract wisdom as experience.

It was thus that Hindus, Persians, the Chinese and Buddhists provided humanity with knowledge of their myths or legends which, in truth, were drawn through the experience of deeply knowing the inner universe and knowing how it manifests itself.

Today I talk about the ancient sages of the planet or of mythologies because they were the means or bridges by which the human race, throughout time, could know that within the wisdom of things lies the explanation of everything.

In those times, the sages of former times prepared humanity before to the time of Jesus so that it could receive the powerful Christic energy which came to free the world and teach it the path of forgiveness.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
