DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In the Kingdoms of Nature, God finds His dwelling place.

In the Kingdoms of Nature, the Creator expresses His perfection.

In the Kingdoms of Nature are kept the mysteries of the Universe and the keys to enter the new life.

In the love for the Kingdoms of Nature lies the expression of the new man.

In the love for the Kingdoms of Nature lies the healing for all physical and spiritual illnesses and weaknesses, because the secret of life is the mutual support amongst everything that was created.

If you want to live healing, serve and heal the Kingdoms of Nature. If you want to rise to God, help a tree to live its upliftment. If you want to learn how to live love, let yourselves be loved by the Animal Kingdom, and with them, learn how to express the love that exists within you, without fear or shame. If you want to be firm and faithful, learn with the offering of the minerals. If you want to be transparent and express likeness with God, contemplate, love and revere the oceans.

The Creator has granted you the grace to renew yourselves every day through the renovation that the Kingdoms of Nature constantly live.

Renew yourselves in love, contemplating the Kingdoms.

Overcome yourselves in love, serving the Kingdoms.

Be more love, living in communion with the Kingdoms and, thus, you can be called worthy children of God.

Your Father and Friend,

The Most Chaste Saint Joseph
