WEEKLY MESSAGE, TRANSMITTED BY MARY, QUEEN OF PEACE IN THE FORTIN DE SANTA ROSA, STATE OF CANELONES, URUGUAY TO THE VISIONARY SISTER LUCÍA

Enter into My Heart of Light, and in the silence I will show you the answers that you search for so much.

Unite yourself to My Immaculate Heart and I will bring you to a state of Peace, still unknown to you.

Come to Me in prayer and I will bring you to know the powers of a Word that redeems souls and restores the world.

Permit that through the communion with My Son Jesus, the Sacred Body of Christ transforms your being and your existence, transforms the course of your life and re-writes your history on Earth, and in the Universe of God.

Let, My child, that the confession with Christ cleanses your heart, attracts to the world Forgiveness and deposits in your being the Infinite Mercy that the Sacred Heart brings to Earth.

Find in the Sacraments the strength of your life, live in the Sacraments and by the Sacraments. Transform your day by day into a communion with the Divine, so that the Sacred returns to this world.

My children, I want to teach you to be always in the Heart of God, I want to show you the path to transformation, I want to lead you to the Sacred, to the Divine and to the True, but I need that all hear My Call and practice My Words.

What good will it do you to only hear My Voice if you do not follow the instructions that I bring you?

For so long I have been speaking to the world, I bring from the Heavens the keys for Salvation and for the eternal encounter with Christ, but My children do not hear Me, do not deepen in My Call and do not find strength in My Heart to respond to the Sacred Will of God.

Search for the words that I have pronounced to you over the years, the centuries, and you will be able to perceive in the heart that if you accomplished what I ask of you, your lives would not be the same, and the difficulties and miseries of the world would not be the same either.

It is time, My dearests, that each one truly accomplishes its part, that you give your response to the Higher, conscious that you are part of a humanity that loses itself in the illusions of the world.

Lift your arms to the Higher and ask for the help of God to transform that which you cannot reach by yourselves, but do not wait for God to transform it by Himself alone, but take the steps in the direction towards transformation.

Do not say, My children, that you do not know how to do it, because during a year My Heart has dictated to you daily which steps you should take, and now, in Infinite Mercy, My Son descends upon the Earth to dictate to you, day by day, precious instructions of how to reach the Kingdom of the Heavens.

I need to count on My soldiers, I need your steps on the path of My Son, because My children, the entire world needs this transformation, and those who say "yes" and walk will do it for all.

I thank you for being always with Me.

I love you.

Mary, Mother and Queen of Peace.
