WEEKLY MESSAGE, TRANSMITTED BY MARY, QUEEN OF PEACE IN THE FORTIN DE SANTA ROSA, STATE OF CANELONES, URUGUAY TO THE VISIONARY FRIAR ELÍAS

Dear children:

One more time I beg you that, through peace and forgiveness, you live the new time and the day before the arrival of My Son. If there is no peace in your hearts, you will not be able to reach forgiveness. For this, with love and renunciation, I invite you to forgive one another.

You know, My dear children, that the world is without peace because humanity, the nations, the villages, and the families do not forgive themselves out of love for God the Father. The Lord is very offended by the actions that today humanity brings forward; for this I ask you to exercise the act of forgiveness, so that the world enters into the heart of God and the souls awaken to the act of reconciliation among all beings.

If humanity does not change this attitude, and does not forgive itself for the errors of life that it commits, they will receive the Judgment; that which will come with supreme Divine Justice and which will be the moment in which all souls will have to recognize the thirst that they have generated in My Son Jesus.

Day by day, as Mother, I pray to My Son for you, so that you can become aware that it is not time to understand life through conflicts among the nations, among villages, among families and among dear beings. You must make sure that the resistance of your minds and of your consciousness be overcome by the Power of the Merciful Love of My Son.

All those that I have chosen to transmit My message of peace and hope to the world must be the first to radiate, through prayer and sacrifice, the harmony that humanity needs for this time; because in this way I will be able to say to you that My Sacred Maternal Word lives and acts through My dear children.

That now the words of My Son and of the Virgin Mary can act by means of the divine action of charity and surrender.

Dear children, I ask you to open the heart and the consciousness for that which I ask of you: that you change, that you transform yourselves, from the wisest to the most simple, through the divine presence of My Immaculate Peace. If each day you were more peacemaking and meek, you would permit, by Greater Law and by Mercy, the hearts distant from God to receive a last, but important opportunity.

May in this week you live forgiveness in all and forgiveness of all, in this way when you just pray with the heart the doors will open for your conversion and redemption.

Dear children, abandon that which is already old in your lives, so that My Son deposits His Healing and Redeeming Love in the simple hearts. Today imitate My example of humility and of fidelity to God. Today live, one more time, in My Immaculate Peace.

I thank you for answering My call!

I bless you and I restore you,

Mary, Mother and Queen of Peace.
