DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

On this day, when once again we gather to pray, I ask you, children, to place within your prayers all of the spiritual needs that must be supplied through the light column of prayer.

The planet advances itself, entering thus into new tests while humanity is materially distracted by the novelties of these times.

And few are the armies of light who are aware of the worldly need and respond immediately. With these few, the Spiritual Hierarchy does much, stepping up to cover the greatest amount of emergencies possible.

These are not easy moments for humanity, My children, as you already know, but your response in each new prayer meeting helps many graces to descend towards the Earth, although they are not deserved. And mainly, it helps the souls of people, through the spiritual impulse of Grace, not to continue making hasty decisions that do not make sense.

This whole situation is reflected in the nations, which are the areas most affected by the chaos that prevents the manifestation of the Plan. But that which is possible, in this time, is that the Plan be fulfilled within each one of My children so that afterwards it may be fulfilled on this planet.

Therefore, continue rowing and do not stop rowing because every inner or outer adversity will be overcome and you will find the true refuge in the Heart of the Celestial Father.

I am grateful for all the groups of prayer, for their dedication to carry out the Plan of Love.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
