**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

My children,

Bless Christ in your prayers because next month you will be, as humanity, preparing the advent of Easter. Celebrate with joy the mystery of the Passion that My Son offered for Love of the world. May this coming Easter, dear children, be a gathering of prayer between your hearts and your lives so that in this way you may accompany the Shepherd of the sheep towards the Merciful Face of the Father.

May this Easter prepare your hearts in prayer so that the world, once more, may receive the Grace of Forgiveness. Dear children, the Easter in the coming month must lead you to the reflection and the meditation about the mysteries of surrender that Christ made for humanity. Each passage of the life of Jesus prepares you for the time that will come, strengthening in your hearts the union with My Son.

You must prepare your dwellings, My children, so that Christ may share His Good News in the Last Supper, that which all are invited to witness.

Dear children, this path towards Easter will allow you to re- member how important is the confession of each of you with My Son, so that in this way you may arrive to His table with purity and love.

Beloved children, the path of Easter prepares you as souls to live in Christ day by day. Because of this, My little ones, Easter allows you to grow as hearts and as souls before the Mercy of the Redeemer. Allow yourselves, little children, to be conducted towards the experience of Easter in this year of the end of times, so that your hearts may thus renew the vows that many of your souls have made before Christ. All of My children must know that the mystery of the Easter of Christ is a real reason to reconcile with the Celestial Father.

Dear children, as humanity needs a great Source of Mercy, I ask you to pray with the heart and that you live each one of the mysteries that My Son lived out of love for you.

Be true springs of gratitude because My Heart wants to take you, in this Easter, to the Divine Heart of My Son.

Thank you for responding to My call.

Peace in your lives.

Mary, Mother of the Divine Conception of the Trinity
