DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Series - Manifestation of Aurora - Part IX

For group co-living and the spiritual awakening of pilgrims, the area of Redención 4 must someday be expressed.

It will be an area for families who have consecrated themselves to the path of the spirit but at the same time, it will be an area that will receive the pilgrims who come to the Marian Center to share the liturgies and the meetings of prayer.

Redención 4 will also, in a part of its area, express co-living with the Plant and Animal Kingdoms. That co-living of families with the Younger Kingdoms will also be an opportunity for serving them and to alleviate their suffering and give them the love of the heart. That area will gather together families who will be applying to live a different life than what is offered by the world.

Redención 4 will also be a welcoming place where children will have the alternative school, Parque Tibetano, as a foundation, an educational experience that, within other Light-Communities, has enriched and formed the spirit of the littlest ones. Redención 4 will also have an area dedicated to sports so that children and families may have a better quality of life.

In this sense, Redención 4 will offer a space more akin to the degree of evolution of each human being. The families will have the support of the activities of service to the Kingdoms of Nature, primary and secondary education through the Parque Tibetano school, as well as an area dedicated to physical education to optimize the quality of life through recreation for the children.

This area will be one of temporary residence, and as the families gradually mature and confirm their commitment to the Plan as a family, then as members of the Community they will be able to take on other areas and other sectors of the communal group life.

Redención 4 will also dedicate a section for receiving the journeying pilgrims, who, throughout all of the areas of Aurora, have no place to stay.

It would be a very clear objective for the families of the Light Network to work together with other families to manifest Redención 4, that space within the Work of Love that families need to be able to find a place where to live and also share as members of the Community.

This is another commitment and offering of the Spiritual Hierarchy for the families that have lately demonstrated inner changes and for those which are currently affected by the world as a whole and need to find a space to better serve God.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
