Apparition of the Virgin Mary during the Vigil of Prayer for Peace in the Nations, in Ourém, Portugal, to the visionary Friar Elías del Sagrado Corazón de Jesús

Like one hundred and one years ago, the Sun of God shines again on Fatima, bringing peace to the world and the Mercy of the Redeemer for the souls.

This is the greatest testimony of the Love of the living God for all of humanity and the planet.

Today, dear children, at My Feet I bring the flags of two nations of the world: the one of Nicaragua and the one of Eritrea, so that with this symbol, your hearts may understand where the Mother of God is, seeking the love of Her children, trying to protect the wounded and aid those most in need.

Today I unite the two nations under one heart and in a single tune, so that the Grace of God may descend upon them and peace, the end of the war, and the persecution amongst mankind may be established, because thus, My Immaculate Heart will triumph.

Today, with the prayer of your people, I was able to achieve many things in the world. You know, My children, of the great planetary need, of the need for love, for Mercy, for forgiveness, for healing and redemption.

Through the path of your daily prayer, I can grant you all those Graces and many more Graces, ones you could not even imagine.

My Heart is with the heart of My children. The Lady of Nicaragua is with the people that cry out, and through the prayers of My children, I weave the hidden Mantle of Peace, where I place all those that need to be in God, safeguarding them from evil and danger.

Although your people are troubled, do not lose faith. Trust in the power of My Immaculate Heart, and the Wisdom of God will be in your minds and in your hearts, so that you may be guided on the path of the Good and the Light, so that this guidance may benefit many more souls, especially those that are in danger and suffer great persecution.

Today I also bring at My Feet the flag of Eritrea, because I love this suffering people that aspires someday to find peace.

Just as you pray for the nations of the world and so that serious events do not develop, I also ask you, My children, that you place Eritrea in your heart, so that this people may be able to recover and achieve peace, live the hope of My Son, and be immersed in His Divine Mercy, without the need of taking refuge in other countries to escape the horror.

But even if this happens, My children, My Immaculate Heart is also in Africa; it is in the heart of those from Eritrea, so that they may be able to promote peace through prayer, through entreaty, and especially through communion with My Son; so that the Sacrament of the Eucharist may grant discernment and wisdom to the leaders of those nations, so that they may realize that it is no longer necessary to suffer, but rather, to love, to love with all of the heart and all of the soul, just as I love you, My children.

Because this Love that I have for you is what allows Me to be here on this day, announcing to the world and to humanity that the Mother of God, the Lady of Peace, is with Nicaragua and with Eritrea, as She is with all the nations of the world, especially with those that make wrong decisions and that compromise the spiritual life of millions of souls in the world.

I come to untie the knots of the human consciousness through your pleas and your prayers.

Today, the offering of all those who pray in the world at this vigil of prayer has permitted to stop great disasters; especially grave decisions that would condemn the rest of humanity.

With this, dear children, I show you the importance of the life of prayer, of the constant life of prayer, and of perseverance in prayer, so that your lips not grow tired of asking God for Mercy, because Mercy will save the world, and in this way, Divine Justice will stop and the world will not suffer again, as in the past century.

I come as the Mother of Light to grant healing to deep human wounds and all those that respond to My call in the different nations of the world; let it be only one consciousness.

This opens the door, dear children, so that the Grace of God may enter into the nations, especially in those most in need of mercy and of forgiveness.

On this day, on this night of Grace, I come to speak with you again about the commitment to the vigil of prayer for peace in the nations, which will be fundamental and essential for the coming times, in order maintain the stability of the planet, and above all, the balance of the psyche of humanity.

Each prayer that is offered and that shall be offered, will be well received by the Kingdom of the Heavens. And not only your lives will be transformed, but the world will continue to change to recognized the Will of God, and someday, by the Grace of the Father, the Son, and the Holy Spirit, the thousand years of peace will be established.

Someday I will return to Central América to reestablish the Kingdom of God, that My enemies are trying to remove. But do not be frightened; remember that My Immaculate Heart will triumph; it will bring Peace to the world, even if it is purified, even if it goes through this critical final time.

Tonight I will say goodbye to you, My children, granting you a spiritual Grace for your efforts, sacrifice, and persistence in carrying forward this Work of Peace in the world, following the footsteps of the Divine Messengers in this important Network of Prayer that is generated by your hearts, to bring about more peace on the planet, relief and healing to all the souls of the Earth.

Eritrea is a country that must be taken into consideration by all the nations of the world, because there exist souls that are worthy of the Mercy of God, and that through the cooperation, charity, and fraternity of the rest of the countries, may be able to receive an opportunity of being someone in life.

For this reason, My children from the rest of the nations of the world, I invite you to open your heart even further to welcome into yourselves the real spiritual need of this people, which needs of the help of everyone, not only to establish peace, social dignity, the good, and cooperation, but also to reestablish the Kingdom of God, as it once was in the beginning of the life of Moses.

In this way, you will be able to make the commandments valued, which were born in that region of the world at the request of God, and which taught humanity, and continue to teach the first steps in spiritual life, so as to become worthy children of God, following the steps of the Law and of Divine Will.

Eritrea is a country that must be healed, not only through humanitarian service, but also through the prayers of all My children, especially through the welcome that the hearts of the other nations can provide for those that most need it, as well as for the rest of Africa, that awaits more compassion, solidarity, and humanitarian aid.

This help that I ask of you will not be born of the great nations of the planet, but of the simple nations of the world that have not yet lost the spirit of solidarity and that will be able to understand what I ask of them.

So I ask to not fear opening the doors of your homes to give refuge to those most in need of hope and of peace, because someday, you also may be in need of that peace and that hope.

I invite the adults in the life of the spirit to become aware of this and make themselves available to help these nations, that wait for solidarity. In this way, you will be consoling my Immaculate and Maternal Heart and granting the world a Grace that perhaps not many would deserve, but that will be possible because of your spirit of unconditional support and of service.

Eritrea must be a country repopulated by hope, that transmits the happiness of living in God, as it once transmitted, so that the consoling spirit, which is the Holy Spirit, may with Its Gifts fill that land and its people, bringing renewal and healing for all those consciousnesses.

So, dear children, from this day, in the weekly prayer for Africa, I ask you to place Eritrea in your hearts, so that My work may reach that place, so that the Will of God may be fulfilled with the help of everyone, and Peace may be achieved in that country.

My joy is infinite in having a representative of that people present here.

My Maternal sweetness is in those needy hearts, closing deep wounds, purifying deep after-effects, granting peace in the inner world of My Eritrean children.

I Am the Mother of the refugees, the Consoler of Peace, the Bird of hope, the healing for essences, the eternal consolation for hearts.

I Am the Queen of Peace and the Great Mother of Africa, Who has Her Heart in the center of that continent, and from cycle to cycle, making the hope and the joy of rediscovering God to pulsate in that place and in all of the nations of Africa.

Today I grant this son of Eritrea the blessing of the Celestial Father for their new task.

In the name of the Father, the Son, and the Holy Spirit.

May the Spirit of Peace be with you, and that this Spirit of Peace propagate in Eritrea and in the world, bringing hope and renewal to the lives of those who have most suffered because of social injustice and indifference.

It is a European mission to take on Eritrea. It is their duty and their commitment as well as the rest of the African nations, that expiation be granted to both continents and the cycle of persecution and slavery be closed, and thus, the cycle of Light and of Hope, of Mercy and Redemption may open.

Today My wish is that from this African heart may part the Love for all the hearts of Africa, as well as from all of the hearts present here and that are accompanying this moment with the Mother of God.

I wish to hear again that song that is a reminder, that brings to memory the Presence of the Lady of Kibeho, the Patroness of Rwanda and of all Africa.

I thank you on this night for responding to this important call.

God bless you and grant you Peace. In the name of the Father, the Son, and the Holy spirit. Amen.

I thank you.
