**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Loneliness and the lack of the True Love of God in some hearts may awaken fear. This is why, dear children, as instruments of prayer, you must love God the Father above all situations, feelings and thoughts so that in this way your consciousness may be guided towards the path of the perfect Light of God.

Beloved children, many souls need peace in life and in the heart. These souls, that are My children, live confused with little wisdom to take their steps. For this reason, My children, I call you urgently to the prayer of the heart. In this way My Son will be able to flood you with His Mercy and His Graces in these final times.

Dear children, the world is still blind before the Love of God. For this reason I ask you to awaken in your brothers and sisters the compassion and the forgiveness that are so necessary for humanity to redeem itself. All souls in these times are in their cycle of definition and judgment. Pray, dear children, with much love, so that God may listen to you and may pour His Mercies over the world.

Humanity still lives in the illusion that everything will continue to be the same. I tell you, My children: wake up! Wake up because My Son is returning to the world and the world must ask God for much forgiveness.

Live daily in the love for others. Thus the Light that so many souls await will be able to be the flame that My Son will deliver to each one of your hearts.

Pray! Pray! Do not tire of praying because it is necessary in this time of Judgment.

Thank you for responding to My call.

Light for the path of the souls.

Mary, Mother of the Divine Conception of the Trinity
