DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

In spite of the thresholds that you must cross, always keep ignited the eternal light of the heart so that nothing external to My Kingdom of Love may extinguish it.

It is necessary to have a peaceful and loving heart in face of unpredictable circumstances. In this way the enemy will not disturb you and you will find inner strength by means of the presence of My Merciful Heart.

The hour of Divine Mercy is only for the brave because from three in the afternoon My Disciples help Me to tear the hells and evils that the consciousnesses live in different parts of the world. For this the disciple must hold on to My Tunic and walk among the wolves and the darkness without fearing to fall into the abysses that this humanity creates because from three in the afternoon your beings must become invisible before the wiles that My eternal rival articulates.

Without expecting anything, without aspiring for any results, always pray with fervor, fight so that your eyes may not fall asleep but that in truth your spirits may awaken to the Redeeming Work that all of the prayerful people are accompanying Me to carry out. In this way you will always know, through the intuition of the heart, which part of the reality of the world and of humanity is receiving My Merciful Liberation from the evil that oppresses you.

Let those who are willing to pray the Chaplet of Divine Mercy remember that you will be doing it for your own salvation and for the salvation of all the Earth. You will do it principally for the permanence of the life of all of the Kingdoms created by the Kind Hands of My Father.

I invite you to pray with faith and conviction so that the Project that was drawn in the heart of the Universe may remain amongst you always and for all eternity in My beloved blue planet of light.

And something else I tell you: listen with attention to My Words every Wednesday, the day of study and reflection about My Message, because My Presence will be there by means of the heart of My Disciple Jose. Listen with attention to all that I have told you with so much Love and every Wednesday you will receive the gift of My Eternal Grace.

Under the Love of the Father, be blessed.

Thank you for receiving My Words in the love of your hearts!

Christ Jesus, who returns to your lives.

1. Christ is referring to the studies that José Trigueirinho Netto has been carrying out for years in the Light-Community of Figueira, Brasil.
