Apparition of Mary, Rose of Peace, in the Marian Center of the Holy Spirit, Córdoba, Argentina, to the visionary Friar Elías del Sagrado Corazón de Jesús

In the name of the Father, the Son and the Holy Spirit. Amen.

May the Peace and the Love of Christ be in your hearts, dear children.

On this day, and for the second time, I return from Heaven to talk to you about My Projects of Love. Those projects that God has asked Me to disseminate throughout the world through My living and maternal Word.

The new Community of Mary will not be only one, but rather many; and it will be the prelude for many events.

This is why it was a project prepared for this time, because the Designs of God had to be generated in your hearts first, so that you could accept them and then live them.

Each Community of Mary will be a flower in My Garden; there will be a gift that I will leave for each one of them, knowing that they will have their doors open to receive My children of the world, who will need much consolation and protection.

Thus, I need you, dear children, to understand My Projects beyond the material plane and to know that all Designs of God come from the Source, brought by the angels of Heaven through My messages, through My Words that can echo in the hearts of humanity when they hear them openly, within their consciousnesses.

The Communities that exist will be the foundation for such a manifestation. I want you to understand, dear children, that I will bring the refugees of the world to the Communities of Mary; not only those who experience wars, persecution or death, but all those that will take refuge in My Maternal Heart in the end of times, when everything will be seriously unleashed throughout the world.

The Communities of Mary will also be islands of salvation, they will be refuges in which peace may be found, and you will be the precursors of that movement. This is why I need your response to not only be concrete but also deeper, a response that is born from within you and that is free of doubt or of questioning.

How would the world find its salvation if there were no islands of salvation?

The founding of My Projects first begins in you, in your inner universe and in your consciousness; from there, everything will unfold and many will be able to tomorrow see an opportunity to return to the House of the Father and, especially, to be in the Arms of God, receiving His Divine Consolation and His Calm.

Remember what My Son told you a long time ago: "Everything you do for the least of your siblings, you do so for Me, twice."

And this is not a theory, My children, it is a living reality for whoever aspires to achieve the ministry of Christ in these times.

If the Communities of Mary manage to be expressed according to My Designs, the Gifts and the Virtues of God will descend upon them and, especially, upon the souls that are in most need of inner healing and peace.

From that point on, each one will mirror its attributes for the whole world, in the most crucial times for humanity, in which despair will reign due to the lack of inner serenity or tranquility.

But those who pray to My Immaculate Heart every day will know what to do and, during the severe movements of the planet, they will have direction and guidance to continue forward, helping other souls to find the path; souls that are so different and heterogeneous from your own souls; souls that have not known peace or any respect for Creation.

Just like at Calvary, I worked for a lost world, for a self-destroyed civilization, in this time and in the end times, I am working for a future and New Humanity that must not only be present in spirit, but also in matter as something concrete and realized.

I need you to love My Mysteries, because in My Mysteries, which are the Mysteries of God, are My Designs and, through your lives, I will be able to write the Projects of God.

With My own Hand, I will guide you along the path and will lead you to meet the Will of the Most High, in which everything can be expressed and realized, just as He wishes from His deep and eternal Heart.

Meanwhile, and while the Communities of Mary do not manifest, I ask you to pray with Me so that God may express His Will within the humanity of the Earth and the ideas of human beings may not prevail; ideas that have led them to perdition and deceit, stepping out of obedience.

I need you, children, in the firmness of your hearts, and I tell you again: it is time to live the Plan, just as God has thought of it from the beginning and for this cycle of humanity.

If the Communities of Mary manifest, sacred tools of the Universe will come to the Earth from the spiritual and cosmic plane; and souls will be able to continue walking on the pathway of trust, protection and peace.

Although wars may shake the world, a part of the race will be protected because it will have, in obedience, understood the Will of God and not that of humanity.

Secondly, My maternal, spiritual and divine Principles will be projected, which are attributes that I live in the Universe and that I reflect to all the worlds and all the galaxies. Something that is still unknown to humanity, because the Church, and, above all, the race, has detained itself since My Assumption.

But after this event many more things happened, which I come to reveal outside of the Church so that any being of the surface of this planet may have knowledge of Truth and of reality.

A reality that the Mother of the World lives, since the moment of Her Assumption to the Heavens and within this local Universe, which is a living part of the manifestation of God.

The Communities of Mary will be a Mirror of these higher realities, and still, you will not understand everything that I tell you, because it is still a mystery that will be unveiled in these end times.

I ask you to take in My Words as true treasures because this is the last universal impulse that your Heavenly Mother will give for humanity and the planet.

And, from these Christian Communities of Mary, the Source of happiness will emerge, for serving and experiencing God in the heart of the simple and the humble; for carrying forward each daily task, knowing that it is a part of the Plan that is being built in the human consciousness and in those who participate in It.

I have waited for this moment for so long and I know, in the depths of My Spirit, that still humanity will not understand what I tell them; but those who love without understanding will understand all things and will not hesitate on their path nor in their spiritual decision to follow the Steps of the Celestial Father.

In the name of My Son, I come to build new things, new spaces, granting renewing Graces and renewing impulses that will remove souls from the planetary inertia and from indifference.

You are participating in the same timeline as God, the one the Father has built throughout times by means of the eternal time, the eternal present; and in this eternal time, He has called His children so that they may carry forward His Will and fulfill His precious Designs.

You, My children, become aware, awaken; you are in this story that the Father Himself writes with His Hand in the Book of the Soul of the Earth.

Remember that Heaven and Earth shall pass, but the Word of My Son will reign.

And the Communities of Mary will be a mirror of the Attributes of Christ, once given to the first Christian peoples that lived the spirituality of the Lord after His Ascension to the Heavens.

The story of the past is again being built with souls so different from one another, with hearts that try to mature on the spiritual path and carry forward the Divine Purpose.

A new opportunity that the Celestial Universe is granting to the humanity of the Earth is again being built, in spite of their serious errors and the assaults made upon Creation and the Kingdoms of Nature.

The Mercy granted by Christ to the Mother of God, at the foot of the Holy Cross, is poured out through this project of the Communities of Mary; happy will be those who live in them, empty of self and free from expectations; for they will allow the Gifts of God to descend and, in the souls, the true Christic path will be built, which will take them to the formation of a New Humanity, far from error and self-destruction.

Thus, the angels offer themselves to carry forward this design that flows out from My Immaculate Heart today and which is a spark of the Fire of the Love of My Heart, of the living Love of a Mother Who loves Her children unconditionally and Who never loses the hope that Her children will take their steps toward the Lord, knowing that there is still much to do upon this planet, and with this sick humanity.

On this afternoon, I come to confess My great aspiration to you and I leave for My children the ardent desire of a Mother Who will only try to establish peace in these critical times.

May each flower from each Community of Mary express itself, and may that flower first open in the hearts of the simple ones who hear the Word of the Mother of God.

I leave you My Peace and My Blessing, knowing that My Plan must first mature within you so as to later be able to manifest upon this planet.

Those who have not felt welcomed in the communities, come back! because it will be I, your Mother from Heaven and Earth, who will hold you in My arms so that you may dare to live the Plan of God and fulfill His Designs, as it is written in the Heart of the Celestial Father.

Let no one else feel offended nor rejected; let there be no indifference or omission but rather welcome and the joy of taking Christ to the hearts of those who suffer and who seek peace.

The first attribute of the Communities of Mary shall be: "love your brothers and sisters as they are, and do not try to change them, according to your wishes."

In this way, you will clearly understand what I am telling you.

I bless you in the name of the Father, the Son and the Holy Spirit. Amen.

And finally, may the advent of the New Humanity be fulfilled.
