**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

My children,

Not even one day must ever pass in your lives without praying with My Son and for My Son.

You know, dear children, that humanity needs many aspects of Mercy and Grace. But if My children leave for later this precious moment with My Son, how will the world be converted? For this reason, My dear children, all of you are called not only to daily sacrifice, but you are also called, out of love, to reflection. It is necessary, My children, to awaken in face of what the world lives today.

Can My Immaculate Heart count on your hearts at any time?

Dear children, for the Heavens time is precious, as much for the souls as for the world, since both must reach their redemption. My children, one of the reasons why My Immaculate Heart cries is the lack of consciousness before the emergency of the souls and, above all, the lack of peace in the world.

This is why My Heart remains among you to encourage you and to lead you along the path of conversion, so necessary for this cycle of closure in each one of your lives.

Dear children, I await, in My hope, the response from all. In this way you will be doing it out of love for others, for the brothers and sisters who are scattered all over the world.

Dear children, relieve the Divine Heart of My Son that is offended by the incomprehension and the deviation of big groups of souls. To alleviate this situation, My dear ones, upon awakening at each dawn there must emanate from each one of you a true aspiration for wanting to be in My Son.

My children, the Grace of Conversion is for all. It is the moment to awaken with the heart and with life before the call of God.

May My Immaculate Peace be in all of your hearts.

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
